ORAL RECONSTRUCTION GLOBAL SYMPOSIUM 2020

30 APRIL - 2 MAY 2020 | NEW YORK CITY, USA

Mark your calendar for the 2020 Global Symposium at the iconic New York Marriott Marquis. With topics that include digital workflow, immediate loading, tissue regeneration, esthetics and full arch solutions, the Symposium promises to cover a wide range of contemporary issues in implant dentistry and tissue regeneration. It's the perfect opportunity to stay abreast of the latest treatment options while enjoying time with colleagues in the heart of Times Square. At the Marriott Marquis, experience the magic of New York from the moment you arrive.

We look forward to seeing you in New York!
